Snakes Alive! 28

So Mother Nature's all gentle and caring is she? Then why the fuck did she make the vicious Nauyaca Real, a deadly snake that kills hundreds every year? We sent a reporter to find out. And this is his terrified report.

Scene From... 38

The news on our lips this month is just as unimportant as it was last month. The only difference this issue is that we wrote it while wanking. So look out for lots of mistakes, huffing and frantic rants. And cum.

MAYFAIR MALE

And people reckon the British are shy when it comes to talking about sex. Maybe, but when it comes to writing about shagging we're a nation of experts! Check out the mail . . .

A FUNNY FOREIGNER WRITES (SORT OF...)

Explanation will not describe how happy I am when I started writing you this letter, and words will not tell you how I eager I am to write. How are you doing?
I'm dreaming that things will fall at the right hand side of you. I was glancing through the *Mayfair* magazine when I came across your address and want to corporate with you as friends and I want to be part of your institution. I do not know the actual work you does but I want you to know I want the relationship to be great.

Jerry, Ghana

You've taken the words right out of our mouths, Jerry. And sort of scrambled them up in a way we can't comprehend.

> I do not know the actual work you does

TIME FOR A RHYME

So that stunning young woman named Ronnie,
Is earning big wads of money,
That body, that pout,
This girl's got some clout,
Oh I think our Ronnie is canny!

Jules, London

That was poetry, Jules. Sort of.

FACT OFF

I am a big fan of Adele and would love to know more about her; how tall she is, what her favourite underwear is, and so on. I would also love more facts on Carla with her glorious tits. Can I have them?

David, via E-mail

In a nutshell, David, no. If we start asking Adele or Carla questions like 'What's your favourite colour?' they will assume we work for *Smash Hits* and keep their gorgeous knockers firmly under wraps. And that would never do.

> I would love more facts on Carla with her glorious tits

DA, DO, RON, VRON?

Veronica is great and I'd love to see a step-by-step 'Morning in the life of Veronica' set. It would be great:

Photo 1 – She's waking up in a sexy nightie.
Photos 2-4 – She takes a shower.
Photo 5-10 – She gets dressed revealing all.
Photo 11-12 – She goes to a studio and takes it all off again!

How about it?

Jack, Oxon.

Strewth, that's a fine idea, Jack. So good, in fact, we're even thinking about doing it. If any other readers have photo-shoot suggestions let us know (coz we're very lazy).

THE BIG SNIP

Chunks of nonsense from Joe Public

Who's that gorgeous Welsh beauty whose bum has just stolen my heart?

Rikki Walker, Notts

We have absolutely no idea, Rikki. Unless it's ex-MP Ron Davies, perhaps?

I have to say I'm interested in woman's personalities more than anything else.

Stephen, Germany

Yeah, and that's why you buy *Mayfair*, is it?

I don't suppose you will print this letter because unlike my cock it's a bit too long.

Phil, Berkshire

You're right, Phil, but it did make us laugh. The letter, that is...

Simply the breast? Adele and Carla remain untroubled by inane questions like: 'What's your favourite colour?'

SEX EXPRESS

I would like to tell you what happened to my girlfriend this week. Helen is 19 years old and very pretty so other men often make passes at her. She was recently waiting at a train station in South London. It was quite late and the station was deserted apart from a middle-aged man trying to chat her up. Normally, she politely tells them to fuck off, but on this particular occasion she found the man attractive and warmed to his smooth talk.

When the train arrived they sat in the same carriage opposite each other and Helen later told me how she couldn't resisted giving this guy the come on. At first, she teased him by offering him glances of her thigh, eventually whispering in his ear that she wanted him to fuck her. The man was taken aback, but not for long as they found themselves alone – and feeling very horny.

Helen stood up and encouraged the man to move his hand to her silk panties and over her pussy. As his fingers felt her pussy lips, Helen quivered as he pulled

her gusset to one side to push into her tight hole. As he fingered her, Helen sat back on the seat and spread her legs wide allowing him full access before he undid his flies and pulled out his cock.

His cock was massive and Helen gasped as he put it to her mouth inviting her to suck it. She eagerly obliged, grabbing his shaft with both hands and darting her tongue over the tip of his erection, tugging with every lick. She worked her head back and forth, taking more of his aching tool into her mouth with every nod. After a lot of sucking he withdrew his manhood and positioned my girlfriend so that he could give her a good fucking.

Her cute pussy was spread open and he easily slid his cock between her moist fanny lips. She gasped as he thrust it inside her, sticking his dick up as far as it would go. With every motion she gasped out loudly, holding her breath as he continued to bang away, tenderly feeling her breasts. The excitement of not knowing whether they were going to get caught made them both come very quickly before his fat cock plopped out of her spunk-drenched hole.

They quickly got dressed and just managed to clothe themselves when the train pulled up at their stop. Helen jumped off only to realise she'd left her panties on the train seat, glancing back at the train to see an elderly

Happy, Nikka?

Certainly am. I'm just waiting to see if my application to be a contestant on* Blind Date *has been accepted. If I'm lucky I could be on the telly in a few months!

Blind Date?
Yeah, I've always wanted to go on it. I think it's great.

This sounds mad. Would you want to be the chooser or the chosen?
Oh, I'd want to ask the questions! It's much more fun that way.

What questions would you ask?
Erm… how big is you cock? [Laughs] I couldn't say that on TV, could I? I'd like to though.

Viewing figures would go through the roof!
I'm just a bit nervous about picking the wrong bloke.

You're not seriously going on to get a man? You could pull a guy anywhere!
No, I'm going for the telly exposure. And the holiday. And to meet Cilla. But I don't want to be seen with a geek!

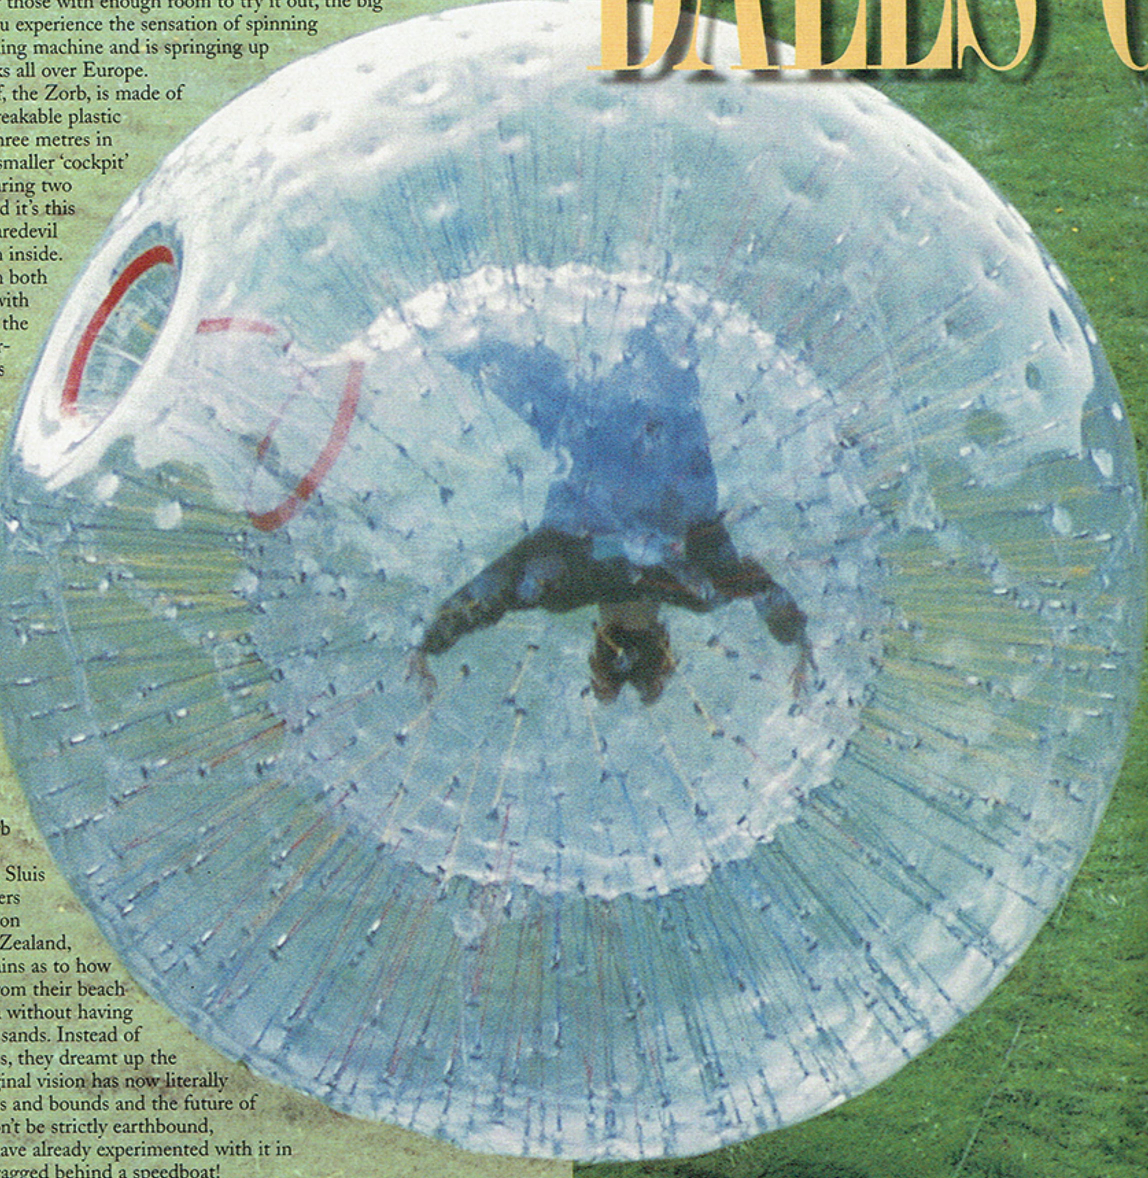
BALLS UP!

What's the easiest way to get from A to B? Who cares, but the most fun way has just arrived – in the form of a massive plastic ball!



There's a fine moment in the Jackie Chan film *Operation Condor* where the plucky kung fu star climbs inside an enormous inflatable ball and bounces down a hill, running over a herd of savages in the process. It wasn't just a prop devised especially for the film, though, as it's an actual piece of equipment devised in New Zealand for an activity known as Zorbing. Now something of a cult extreme sport for those with enough room to try it out, the big ball o' fun lets you experience the sensation of spinning around in a washing machine and is springing up at adventure parks all over Europe.

The ball itself, the Zorb, is made of transparent, unbreakable plastic material and is three metres in diameter with a smaller 'cockpit' ball inside measuring two metres across, and it's this inner ball that daredevil Zorbonauts cram inside. The gap between both spheres is filled with air, absorbing all the bumps on the terrain as it bounces about. As this acts like a complete body airbag it means Zorbing is a relatively safe pastime, so long as you don't tumble down a particularly steep gradient so that the thing spins so fast you black out and die. Other than that it's as safe as bouncy houses!

The first Zorb was invented by Dwane Van Der Sluis and Andrew Akers when they were on a beach in New Zealand, racking their brains as to how they could get from their beach towels to the sea without having to cover the hot sands. Instead of thinking of shoes, they dreamt up the Zorb. Their original vision has now literally taken off in leaps and bounds and the future of the megaball won't be strictly earthbound, as participants have already experimented with it in water – being dragged behind a speedboat!

It's fun, new, and a great way for old people to get about quicker.

S UP!

Have you got your own pool, Kim?

I wish! I would love my own private pool. Imagine the fun you could have…

We're imagining!

It's probably best I don't have one, actually. I'd always be in it and never get anything done. Great way to start your day though. Not to mention end it.

Get away. *No, I swear it was with a plumber. Honestly.*

It caused a storm of controversy at the arse end of last year, with the tabloids branding us 'sick' for supposedly putting young Leilani Dowding's Miss GB career in jeopardy. Would the hapless lass lose her coveted crown for posing nude within our hallowed pages? No, of course she wouldn't. In fact, we generated so much publicity for the Miss Great Britain competition that we suspect the organisers were secretly delighted!

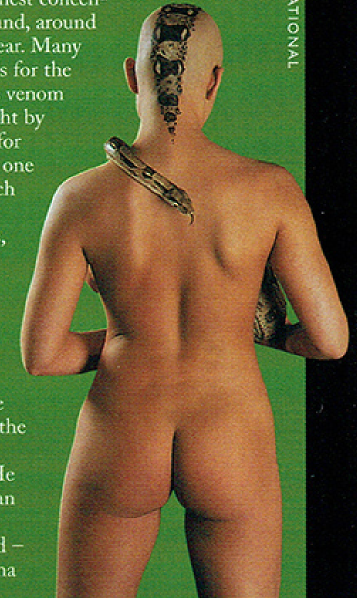
PICS: LOBOS PRESS INTERNATIONAL

When it comes to wandering about in damp jungles hunting for a snake that has enough poison to kill a village, we prefer to say "No thanks" and just sit in a lounge. However, our adventurous reporter, Freddy Wulff – a man with balls as big as spuds – was more than happy to put on a new ripped shirt and head off to South America for adventure. The reason? To track down the fearsome Nauyaca Real, a deadly snake that kills around 100 people a year in Mexico alone.



In Panama, where the highest concentration of Nauyaca can be found, around 500 people are bitten every year. Many of these die or are left invalids for the rest of their lives, and it's this venom which is currently being sought by medical research institutes – for a lot of money in return. Just one gram of venom can easily fetch $100 or more from institutes looking into antidotal serums, and the reason prices are so high (seven times as expensive as gold!) is because to get the Nauyaca Real venom you have to catch a Nauyaca Real. Not easy.

Locating the reptile in the first place, let alone catching the beggar, is a problem for our intrepid adventurer Freddy. He and his colleagues – a Mexican scientist and an Indian guide well versed in the 'Real' world – arrive in the jungles of Panama and find the going is tough; a constant battle against thick foliage and stifling heat.

Not a single tree has ever been felled by man in the area which makes for a dense, untouched jungle with no identifiable landmarks to get your bearings (or any paths to follow). It's hard enough to find your fellow adventurers amidst the hellish tropics, never mind a rare snake that has no intention of being the centre of attention.

Oh…

I'm not one to wait around for some bloke to chat me up, anyway. I'm a bird of prey.

Girl power, eh?

I'm just not one for mincing my words. If I see something I like I take it, you know?

Hey, we're not going to argue!

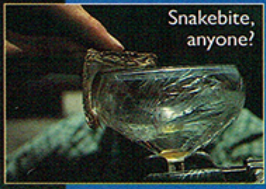
SNAKES AL

MILKY, MILKY

Your guide to milking a snake

So you've caught your snake okay, the next thing you need to do is 'milk' the bastard. You will need:

Don't let go now.



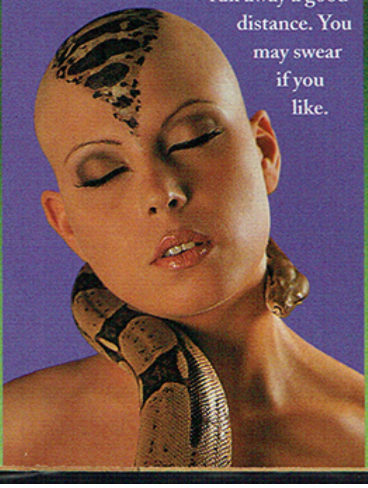
Snakebite, anyone?

a) a glass covered with clear cling-film

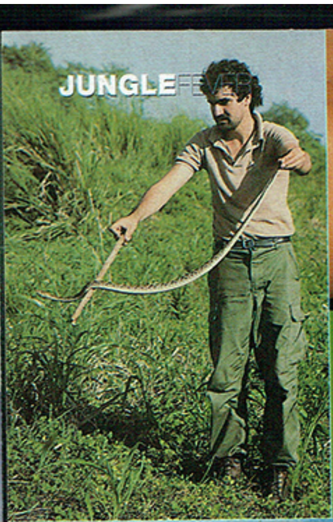
b) the ability to locate a pressure point on the snake's head

c) nerves of steel!

Take your live snake and hold it firmly around the neck with a finger held on the top of its head. Let it bite into the jar and, as it digs into the cling-film, gently press the pressure point and watch that nasty venom ooze out. When all the venom has been collected, wait for the snake to let go of the jar. Now, gently put the snake down, quickly back off and then run away a good distance. You may swear if you like.



If you go down to the woods today, you're sure of a big surprise – especially if you're in South America, because that's where the vicious 'Nauyaca Real' snake lives. And it's real alright – real nasty!



There *is* more to life than Jungle Book!

SPEAK WITH FORKED TONGUE – EAT WITH SPOON!

The Nauyaca Real goes by many different names. It is also known as the 'X-Snake', 'Snake With Four Noses', 'Nahuyacacoatl', 'Rabo de Hueso' and – for some odd reason – 'Yellow Beard'. Of course, if us Brits were to stumble upon it we'd affectionately call it, "Argh! Help! A fucking snake!" but Freddy is unnerved at the thought of coming face to face with the killers, even though they're twenty times more poisonous than rattlesnakes. One teaspoonful of rattlesnake poison can kill a man, but a single droplet from the Real is all it takes to knock 'em dead.

When the adventurers finally uncover one of the snakes curled up on a riverbank they know that they have to catch it with the utmost care, not simply to avoid death, but so that they don't cause any harm to the snake itself. When a snake such as this happens to be a good source of an income, you don't exactly want to bite the hand that feeds you – even though *it* might bite *you!*

This means they don't use traps or even drug the snake, they have to use their bare hands. Speed is of the essence, of course, and when you're up against a reptile that can strike in a fraction of a second, that's no mean feat – not forgetting the snake has superb eyesight and the ability to sense your presence using its highly sensitive body heat. A-ha.

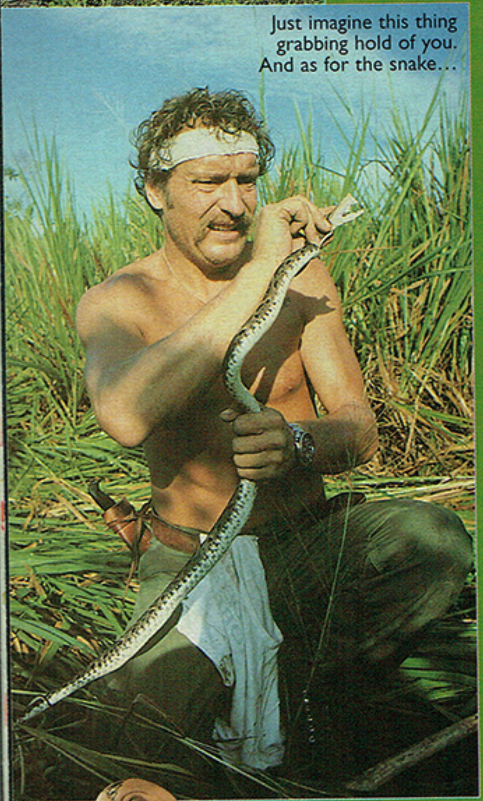
Our man Freddy goes for the catch, and immediately the Nauyaca is alert and heading off in the opposite direction leaving Fred with no other option but to grab its tail! Yes, he grabs its tail and as the creature flips about fangs bared he manages – with quickness and a lot of luck – to pin it down by its head before grabbing it around the neck and holding on tightly.

It's a successful catch and the first of what they hope will be many captured Nauyaca. After a couple of hours hacking and sweating in air so thick you could climb up it, Fred spots a Nauyaca tail slithering under the trunk of a fallen tree. Bingo. The first thing the men do is cut all the vegetation from around the trunk, then cautiously poke a stick in every exposed nook. They receive something of a shock when a large rat runs out and heads for cover.

Up steps Manola the Indian guide who pokes around with his own stick (complete with Y-shape ending) and demonstrates the skill of snake-charming. He fishes the Nauyaca out and gets it to hang on the stick, twisting it around and carefully lowering it to the ground where he finally pins it down by the head. Moments later and the snake is wriggling around in a sack – another one captured.

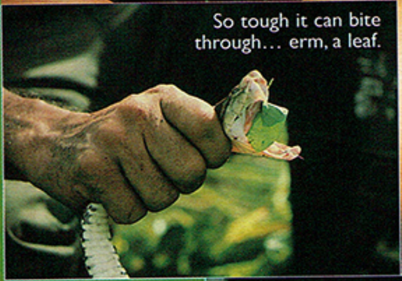
The search stops when five snakes have been bagged, and Manola spends the rest of the afternoon cleaning his new pets with a pair of tweezers, removing bugs and other things from their scales. Even though the Nauyaca is deadly for all living creatures it still has many enemies and suffers from just as many illnesses and parasites as any other animal, and when they become ill they can be difficult to cure.

Once the venom has been collected the snakes are let loose, and Freddy is able to return in one piece along with venom to be used in antidotes and medicines. Ahh… we like a happy ending.

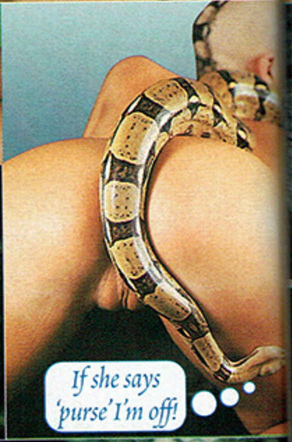


Just imagine this thing grabbing hold of you. And as for the snake…

And you should see the size of the one on my husband!



So tough it can bite through… erm, a leaf.



If she says 'purse' I'm off!

IT BITES!

Rule number one – don't get bitten by a snake. Rule number two – if you do get bitten by a snake kick yourself for not paying more attention to the first rule. A snake bite is not a pleasant experience and even if the bite is not fatal, when the symptoms rear up you'll be begging to die. First of all, you have to face the searing pain of two needle-like fangs piercing your skin and firing venom into your blood, quickly followed by the bitten area swelling up in boils before turning a lovely shade of black and blue. An hour later and you can expect to find yourself desperately struggling for breath and fighting agonising cramp fits as the venom attacks every part of your body. Half an hour later and your life will certainly flash before your eyes but, again thanks to the venom, it will be in a series of hallucinogenic nightmares, a twisted psychedelic hell complete with intense stabbing pains to your head. So are you still going on that holiday abroad?

couple getting into the carriage. It probably made their day!

David, Sussex

It's a pity a ticket inspector didn't come along. Seeing your girlfriend in action is probably the only thing to make the miserable fuckers smile.

NEXT DOOR KNOCKINGS

Last week I was having a shower but had to jump out halfway through to answer the door. With my dressing gown barely covering my cock I opened the door and saw my neighbour, Gemma, a gorgeous 18-year-old standing there looking at me. She quickly explained how she was locked out of her house and had to wait for her parents to return home, hinting she'd like to stay with me until they did.

I invited her in and took her through to the lounge, apologising for being in such a state. She complemented me and said she didn't mind at all, adding that I looked quite sexy in just a dressing gown. The sound of her voice alone was enough to get me hard in the cock, and as I made her a coffee she continued to offer sexy suggestions. We'd known each other for quite some time and had always flirted a little, but I was startled when, out of the blue, she said, "I want to see your cock."

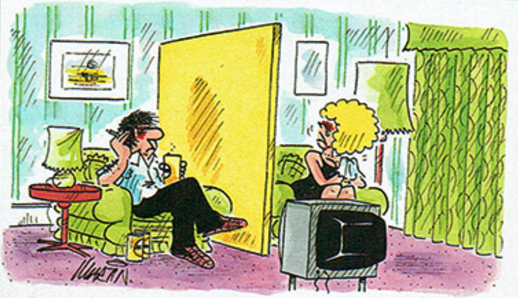
> "Her pussy once again tightened as she orgasmed"

I almost laughed, but tried to play it cool instead.

"Come on," Gemma continued, "show your dick to me."

Before I could do anything else she walked up and gently slipped her hand inside my gown, trailing her fingers over my belly and down to where my cock was standing up erect. Naturally, I was soon out of the dressing gown, letting sweet Gemma slowly jerk me off with her hands.

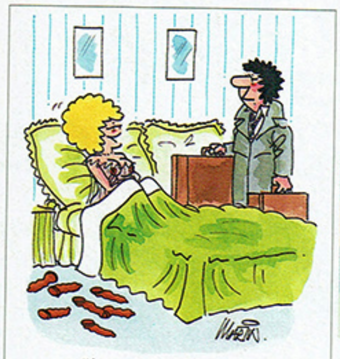
"Mmm, that feels good," she whispered in my ear, her strokes becoming more frequent now.



"What's happened to us, Nigel? Everybody thought we were the perfect couple when we met on 'Blind Date'!"

I thought I was going to shoot my load in seconds, so guided Gemma's hands from my cock and around my neck as we kissed. Fondling her breasts over her top I let my fingers wander, feeling every curve of her soft nubile body. Pulling her top over her head Gemma took off her bra to let me jiggle her pert tits around in my hands. Her little red nipples were quite swollen and stuck out as I teased them.

Once again my hands wandered, this time along her thighs and up her skirt, finally arriving at her groin where I tried to push my fingers into her pussy. I could feel her pubic hair brushing against my hand and was turned on even more when I found how tight her hole was. Before I could bring her off, Gemma sank to her knees, mouth open, and sucked my cock. Her head bobbed up and down as my length went inside, her tongue flicking over the tip of my penis.



"Several salesmen came while you were away."

> "I pushed my tongue in her vagina and eased a finger in"

Minutes later and she was panting for me to fuck her, laying on her back and opening her legs wide – a sight no man could resist. Laying on top of her and giving her breasts

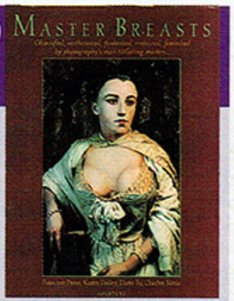
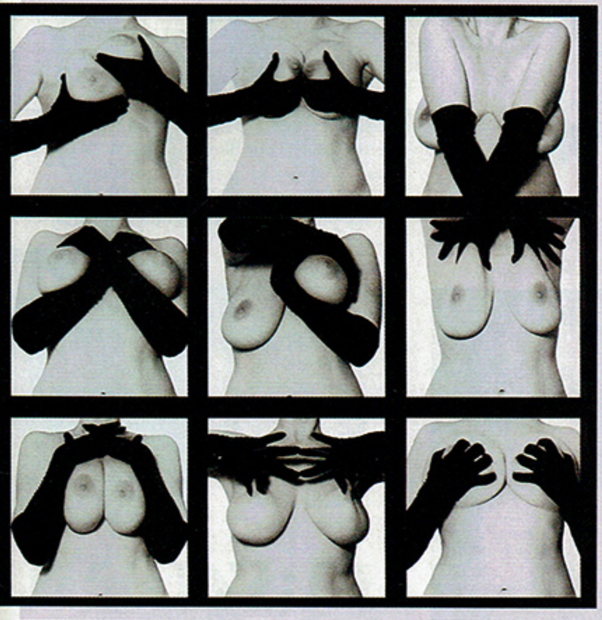
Now there's a fine way to spend your holiday.

YES, MASTER?



Eyebrows bend in puzzlement upon seeing the weighty illustrated manual *Master Breasts*, an arty book full of pictures of… breasts. It's a bit of an unusual one this as it's a combination of pretty neat erotic pictures, rather unpleasant images and many paintings and photos that are just plain loony. Still, there is some genuinely decent photography to be seen and the wide range of shots (wrinkles and all) sets it apart from a lot of the others in this naked genre, but quite who it's aimed at we really have no idea.

If it happens to be you, you'll need £29 as that's what *Master Breasts* – on the Aperture label – costs.



Backstage and two girls arrive who look like groupies. As that's what they are.

When you're in a band you'll be faced with all kinds of temptations like this. Do you say, "Excuse me, ladies, we're busy rehearsing in our bid for fame, please can you leave your pants on and go." Or do you grab the nearest bottle, get pissed and join them?

… exactly. Of course you have to remember that in a band there's an unspoken sex hierarchy. Lead singers get the first pick of women, lead guitarists get the second shout and the drummer is somewhere down the bottom with the doormen. Here, Orphic Soop reveal the art of groupie groping.

And what happens when the hectic rock and roll lifestyle (and the women) get boring?

Answer: you leave the groupies to it while you go and appease your manager and hurriedly think up a title for your new album.

Better still, do what Orphic Soop do and write the name of your album on a girl's arse. Work, rest and play.

And here we see what rock and roll is all about – puking on a floor. Makes it all seem worth while, eh?

ROCK TIL THEY DROP

Bored of your life? Then join a band! Groupies, beer, rows with drummers who insist on playing while everybody else is trying to tune up… it's a hoot! We were sent these shots from up and coming rock and rollers Orphic Soop – and boy, these fuckers know how to have a backstage party. Twang!

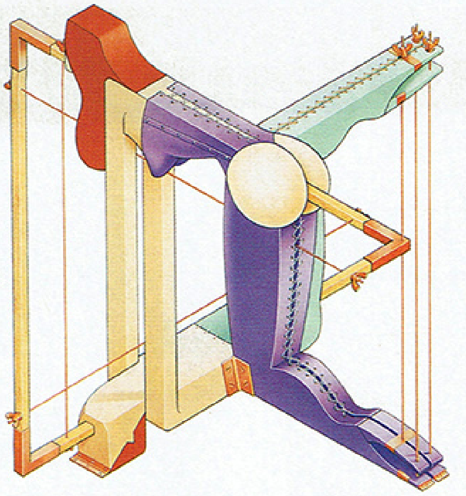
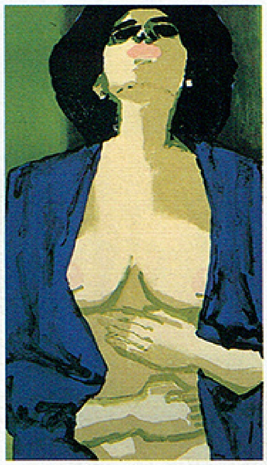
MAKING AN EXHIBITION

Hold your hands in the air and cheer for another sex victory, as this month London gets its first permanent gallery totally devoted to erotic art. No pictures of houses on hills, sunflowers or bowls of oranges will be found at the Bloxom Galleries, but there will be plenty of neat stuff all with a sexy theme. You know, paintings of ladies in compromising positions, that kind of thing.

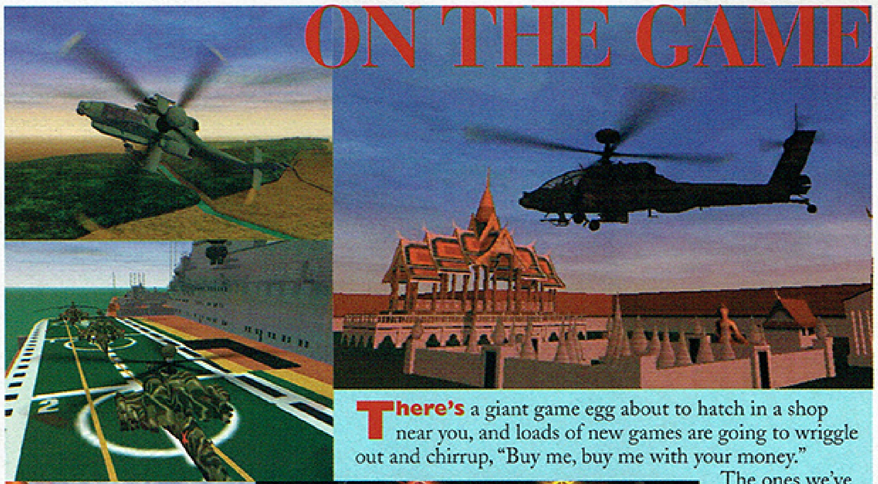
The current exhibition can be viewed between 10am-6pm, Mon-Sat For more information call the gallery on 0171 924 7500.



Bet you wouldn't mind sitting on that, eh? And the zebra rug don't look bad either! Ha!



ON THE GAME



There's a giant game egg about to hatch in a shop near you, and loads of new games are going to wriggle out and chirrup, "Buy me, buy me with your money." The ones we've witnessed are from Empire Interactive and include *Pro Pinball: Big Race USA* on the PlayStation and PC and a rather neat fly and shooter with the working title *Apache*. Look on and love how they look.

RUBBING IT IN

You know what it's like; you're in bed with 100 woman and just when you've satisfied number 99 your cock decides it's time to give up for the night. Impotency is no friend of any man and what with Viagra raising the subject, the barn doors have been kicked open and all sorts of erection enhancers are jumping out of the stable. The latest is 'Impo Creme', a remedy that apparently consists of entirely natural ingredients and which, unlike Viagra, comes in a cream rather than pill form. We haven't tried it ourselves (due to our blinkered "we're always hard… big cocks… enduring stallions…" attitude) so we can't say if it's as fantastic as the press release makes out. But surely anything's better than popping a pill, and there's the added benefit that woman can use it too.

Impo Creme costs £49.99. Freephone 0800 3580127 or write to Quantum Nutraceuticals, Glenfield Park, Suite 2 Blackwater Road, Blackburn, Lancs.

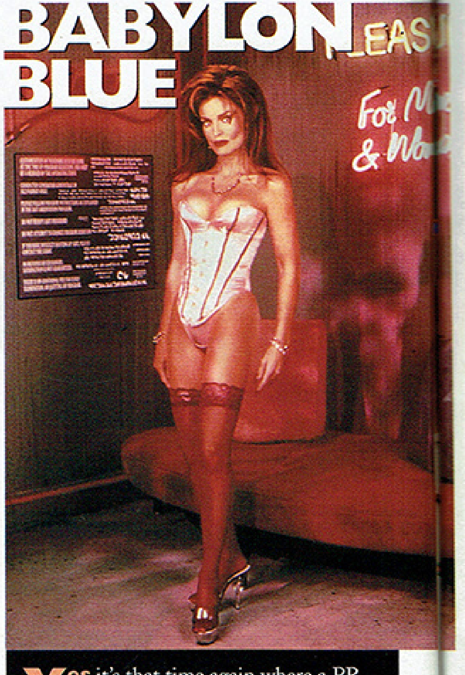
BABYLON BLUE



Yes it's that time again where a PR company pulls our strings and makes us dance about like puppets. We love TV science fiction serials as much as holding our legs in a spinning fan, and normally wouldn't consider including a *Babylon 5* video in Scene simply because there's usually nowt sexy about the series. This month though we were sent a picture taken from the new video release *River of Souls* of a women in a pair of pants and as such will plug the video purely on that basis. So there we go. *River of Souls* is out now, and this woman is apparently in it. Oh yeah, she used to be in *Dynasty*, too. Although we never watched that either…

A QUESTIONABLE CHARACTER TELLS IT LIKE IT IS…

She got an Oscar nomination for 'Bullets Over Broadway', and has the star role in 'The Bride Of Chucky'. It's Jennifer Tilly!

Q: Can you tell us about the character you play in *The Bride Of Chucky*?

A: I'm this really unbalanced chick named Tiffany, who used to be the girlfriend of Charles Lee Ray, the serial killer whose soul went into Chucky in the first *Child's Play* movie. I rescue Chucky's bagged-up remains from a police lock-up and stitch him together again, and in gratitude he kills me and transfers my soul into a bridal doll. Then we go off on a murder spree.

Q: What made you accept a part in a movie like this?

A: I took it because I loved the script, which was very clever and funny. I always like to have a balance in my career. You do a little art, you do a little commerce. When I've just done something serious I want to do something fun, and Chucky definitely ranks in the fun category.

Q: What was it like acting opposite a creepy plastic doll?

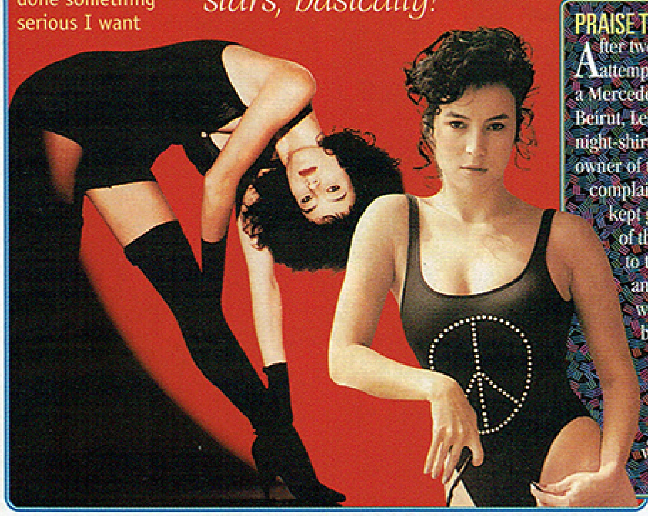
A: Well, you don't think of him that way because Chucky seems very human, especially when you have the animatronic Chucky with all the wires coming out, and they have about six or eight people at any given time making it move. Between scenes they're practising and he really starts to seem real to you. When I'm sitting in the bathtub, he's dragging his fingers through the water and wiggling his eyebrows and making rude gestures because those guys have a sense of humour. And between scenes, Chucky gropes my breasts and stuff – so he's just like a lot of movie stars that I've worked with, basically!

Q: You usually play sexy bimbos on screen. Do the fans you meet think you are like that in real life?

A: Of course they do! I recently went through a period where I was dating a lot, and you forget people have seen your movies and have this preconception of you. I was attracting guys that thought, "Wow! I'm going out with a bisexual, Violet (from *Bound*) who's very dangerous and might kill me!"

> *"I'm going out with a bisexual… who's very dangerous and might kill me!"*

> *"Between scenes Chucky gropes my breasts – like a lot of movie stars, basically!"*



Ulrika *Jonsson* & Denise *Van Outen*

FANTASY SHAG!

Columnist Kevin Pilley has a mind like a sewer. Snorkels at the ready? Let's dive in!

"Your call, Ulrika." Despite the music, the silence grows, lengthening and deepening until it weighs heavily around us. I can hear my heart beating furiously. Ulrika licks her lips, her eyes concentrating on her cards. Denise rearranges hers, moving two cards from the right and one from the left. My own cards are face down on the carpet.

Ulrika gives me a questioning look, her eyes boring into mine. She leans forward.

"I'll see your socks and Denise's tights and raise you a pair of earrings and my blouse." I turn to Denise. Taking her eyes off her hand for an instant, she looks at me and then at Ulrika.

"I'll see your socks and Ulrika's earrings and blouse, and raise you both my knickers."

I throw my boxers into the pot to their gasps of disbelief, amazement and perhaps horror. Ulrika gulps. The clock ticks.

"I can see we're facing stiff competition," giggles Ulrika.

"Let's see your cards," Denise asks us both. Ulrika plays her cards, two pairs; nines and jacks. No-one moves. I watch Denise's face. Her eyes widen. She lays her cards face up. "Three tens," she says. Ulrika's head drops. Denise smiles. They look at me. Slowly, my hand goes down to my cards. My fingers brush over them. The first card is a king. The second is a four. The tension is intolerable. The excitement unsurpassable. I turn up the third. Ulrika takes a quick intake of breath. It is another four. I compose myself. Our eyes rest on the fourth card. I turn. It is the King of Hearts. I look at Denise. There is more panic in her eyes as I turn the last card, a four of spades. A full house.

Victorious, I turn to the girls. "Get them all off," I say. "Pay your debts to the dealer." With that Denise takes off all her clothes. Ulrika steps out of her thong, shedding her bra too. Both sit naked in front of me. I am naked but for one item of clothing – my glasses. Denise sets up the game of Twister.

"Left hand, yellow circle," I begin. Ulrika moves accordingly. Soon all I see is a delightful mass of taut buttocks, breasts, nipples and belly buttons. There are giggles and grunts as Ulrika straddles Denise's face and, just as I realise that I'm fast asleep and dreaming this, I congratulate myself for not betting my glasses!

BOX OF THE BIZARRE
Freakiness From Fortean Times

PRAISE THE ALARM

After two unsuccessful attempts at stealing a Mercedes, three men in Beirut, Lebanon, changed into night-shirts and approached the owner of the car. They complained that his alarm kept going off in the middle of the night and asked him to turn it off. That he did, and as soon as the alarm was disabled the three blokes jumped in and drove off!

STRIKE ONE

Josh Rempel was struck by lightning while standing by a tree in a park. It left a hole in his baseball cap and singed his hair, and he spent the afternoon in hospital while his heart was monitored. The day before, the 16-year-old from Calgary in Canada discussed religion with his mother, finishing the conversation with, "May God strike me down with lightning," to express his atheism. After the incident he commented, "I believe in a higher being now." Gulp!

SPECIAL BRANCH

Hundreds of people from all over Malaysia gathered to collect water pouring from a 40ft tree. The water from the Pokok Sena was believed to have healing powers and be lucky, and one man claimed a friend washed his car with the water and put the registration number on his lottery card. And guess what. He fucking *won*!

TRULY BUGGERED

Back in October the Kenyan government finally formed a committee to investigate potential millennium bug problems, ordering that a final report must be given in 18 months time. Four months *after* the bug will have taken effect!

Thirty Years Ago This Month – Volume 4 Number 3

On the cover of old *Aunty Mayfair* many moons ago was a girl in a pair of pants turning her back on everyone. How sweet. Inside, however, it was a case of eyes forward and clothes off as another gang of buxom beauties did the old respectable nudey thang.

There was Josephine complete with a tall brass man and the stunning Sophia who looked like she'd stepped out of a movie about Amazonian princesses, both of whom were interrupted by an article on old guns. Bang!

But hey, once again *Mayfair* showed that when it came to fashion we had no end of ridiculous men to pose about in awesome 60's suits. What cuffs, what collars, what… the fuck?

Twenty Years Ago This Month – Volume 14 Number 3

"Hold on to your trousers, sirs!" That's indeed what everybody was baying twenty years back when *Mayfair* walked about the shelves of newsagents shedding clothes in all directions. Geraldine, Cherry, Anne, Lilias, Cora, and even a lady from the film *Just A Gigolo*, all threw caution to the wind and their pants on the floor. And for the more boring reader, there was a fab piece all about steam engines. Again. Of course, it was Carrie who went and stole the show with her preposterous Carry On antics. Mind that water, Carrie! Oops – off come the clothes! And they all laughed.

The obsession with lovely woman and articles about death continued as Melynda, Claire, Erica, Kim, Julie and… oh loads more lasses, made good with their bodies, while articles on fast cars and exploding planes kept those testosterone levels high (or at least gave you something to read while resting your hands). From nowhere there was a piece on rubber dolls and mannequins with pictures showing how they're made in a factory. See, educational and sexually arousing!

SO, YOU LIKE TO LOOK AT DIRTY VIDEOS, DO YOU? WELL, SO DO WE. HERE'S THE PICK OF WHAT TO WATCH OUT FOR IN YOUR LIVING ROOM IN THE COMING MONTHS

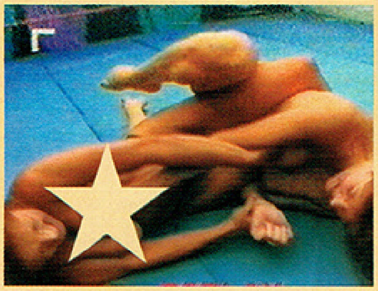
SMART LITTLE ARSES (18)

Want to see an innocent teenager deflowered by a sleazy Belgium porn star and a cheeky Cockney? Tempted by the thought of a fat slapper being shafted in a hot-dog stall? Thought so. Then you might want to check out porn legend Ben Dover's latest effort, *Smart Little Arses*. This is the porn vid for camcorder enthusiasts everywhere. If Jeremy Beadle wanks (an obscene thought in itself), then he wanks to Ben Dover.

Worth a laugh if you're pissed and a wank if you're desperate. In financial terms that's £12.99.

CAT FIGHTS: TAG WRESTLING VOL 1 (18)

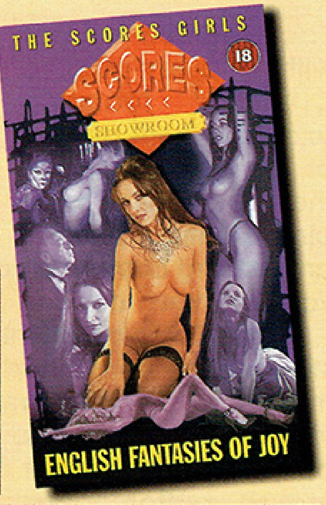
"That's no fair!" "She squeezed me!" "Now I'm pissed!" "Grrrr!" "Ow! Ow!" "Nnnnngghhhhh!" Sadly, even the unedited version of *Spartacus* was never this engrossing. *Cat Fights* is a window into the world of the average dim Californian. Cheer as nipples are twisted and noses tweaked. Delight as Chinese burns and wedgies are doled out freely. Laugh at the hair cuts. Smirk at the acting. Weep for American culture. A must-buy.



ENGLISH FANTASIES OF JOY (18)

Do you know what a 'Scores Girl' is? No, neither did we, but don't let that worry you.

Just sit back and relax as Joy rubs herself all over and generally makes a spectacle of herself in ye olde English haunted house filled with ghosts, tourists and tasteful soft furnishings. Lots of neatly trimmed American minge and rock-solid American breast. Oh, and a comedy butler. Bravo!



KAREN MCDOUGAL: PLAYMATE OF THE YEAR (18)

"This is my Mom. She raised us with a lot of dignity and respect," says Karen McDougal, introducing her mother to us. Then why do you get your baps out for a living? Eh, Karen? Answer that.

This glossy vid detailing Karen's past, present and future is absorbing viewing, especially when it ditches the background stuff and concentrates on nudity. And it has a great sound track too - a blend of jazz and soft-rock by David Hasselhoff's Dad's band.

you," she said running a hand up my leg and stroking at the springy bush beneath my panties. I leaned forward and kissed her full on the mouth as she slipped inside the material and started to flick a finger over my petals. I felt my juices gush all over her hand and soak my knickers. She

neighbour's daughter and they thought it would be a good way for us to get to know each other. I didn't mind at all. She was gorgeous. Slim, blonde and hotter than an August afternoon. She made my pussy wet with just one smile.

"What shall we do today?" Sally asked as we unpacked. "Why don't we go exploring," I told her. "Exploring? Where?" she asked, so I put a hand on her breast. She thought for just a moment, smiled and then peeled her top away to reveal her perfectly formed boobs.

"Well, my parents did tell me to get to know

slipped the first of two fingers into my pouting hole and buried them up to the knuckle.

As she helped me out of my clothes, I let my hands do a little exploring of their own; squeezing her tits, stroking her bum and pulling her underwear to one side to get at her hole. At this, Sally laid back and spread her legs. I took the hint. Ripping off her sopping knickers, I lowered my head and sunk my tongue into her minge. I love the taste of cunt and Sally's was especially delicious. I greedily lapped away at her quim, covering my nose and face in her fragrant juice. She shuddered with delight every time I passed over her clit and so I turned my full attention to it, teasing and flicking it with the tip of my tongue until she could take no more. "Oh God, make me come," she told me and grabbed the back of my head, pulling me hard into her pussy. With one almighty jolt, she let out a shriek and gushed all over my face.

I didn't even consider giving her time to recover, I wanted the same treatment too badly. I swung a leg over and lowered my pussy onto her face. She met my dripping quim with her long, flat tongue and slid it into my crack. Her probing flicks on the silky inner walls of my cunt

felt divine. Along with her tongue, she slipped two fingers into my pussy. "Use one of those on my arse," I told her, to which she duly obliged. With digits circling away in both my holes and a tongue rasping at my swollen bud, I couldn't hold back a moment longer and gasped for breath as I came on her face. Sally didn't want to stop though, and she carried on fingering and licking my fuck holes until I orgasmed at least another three times.

When we were finally finished, we got dressed and went sunbathing. We became really good friends after that holiday, until Autumn came round and I went back to university. These days, I can't wait for summer to come round again.

Sandy's Fantasies

She's blonde, she's beautiful, and – heh, heh – she's into girls! Yep, we're talking about *Club International's* very own bi-babe, Sandy. Horny models fight each other to shoot sets with her, and it's easy to see why. Sandy's fitter than Andy McNab (we mean she's sexy and he's fit, as in healthy... oh forget it) and she licks muff like it's going out of fashion. If she could cook she'd be perfect.

Sandy has one terrible weakness, though. She has this compulsion to film her sexual exploits and distribute them on video. Some girls, eh? We can forgive her this fault, however, because she's really pretty and likes children and animals and wants to be a UNICEF Goodwill Ambassador. She even claims that ***Sandy's Holiday Sex Fantasies*** is going to bring peace to the world because men everywhere will be too busy wanking to fight. Ahh, bless...

Charmaine SINCLAIR

There's nothing one-time girlfriend of film star Robert de Niro, Charmaine Sinclair, likes better than posing for the camera. "I love getting my kit off for the photographers, because when I do it, I don't see it as a lens centring in on my tits and my cunt, I see it as a hundred thousands horny guys, all feasting their eyes on my delicious, sopping pussy and jerking themselves off all over me.

"All those guys, all those gallons of come, it makes me gush at the very thought of it, covering my tits, my pussy, my arse. How delicious. Go on, make a little contribution – cover me in spunk."

Celebrity Sizzlers!

You may be content to fill your mouth with popcorn, but when you're watching a film full of gorgeous women there's only one thing you'd really like to get your gums around. And they can be found on wonderful women like these . . .

CHASING JOEY!

Born in 1971 in Little Rock, Arkansas, **Joey Lauren Adams** moved to Hollywood in the late eighties, where she soon found work in obscure sit-coms *Top Of The Heap* and *Vinny And Bobby*. After a sexy cameo in *Married With Children* and small roles in low-budget flicks, Joey became a central player in the second and third installments of Kevin Smith's 'New Jersey Trilogy,' comprising *Clerks*, *Mallrats* and *Chasing Amy*. It's not difficult to figure why Smith was entranced by the starlet, especially when her topless dressing room scene from *Mallrats* is offered as evidence.

Smith then chose to have his pal Joey appear fully-clothed throughout his next feature, *Chasing Amy*, in which Adams starred as a comic book illustrator who steals the heart of Ben Affleck before revealing to him that she prefers the company of women. Mr. Smith should be advised that this film wouldn't have been so much of a yawn if Joey had dropped her top, but some people just never learn.

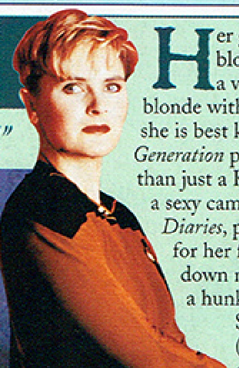
"This film wouldn't have been so much of a yawn if Joey had dropped her top"

Adams has now signed a five movie deal with a major studio and relocated from Jersey to La-La Land, where we hope to be seeing a lot more of this sexy slacker.

CROSBY, STILLS AND GASH!

The future of fashion? Yep, it's Ms. Byrite!

"She's more than just a Klingon clouter!"



Her grandad was Bing Crosby, a classy bloke, and **Denise Crosby** has grown into a very classy bit of crumpet. A beautiful blonde with cropped hair and a business manner, she is best known for *Star Trek: The Next Generation* playing Lt. Tasha Yar, but she's more than just a Klingon clouter. She signed up for a sexy cameo in the cable TV series *The Red Shoe Diaries*, providing warp speed wanking material for her fans as a sexy policewoman who takes down more than just the particulars of a hunky male prisoner.

Sadly this looks to have been a one-off (the wrist?) for this talented actress, and having recently been seen fully clothed in the movies *Jackie Brown* and *Deep Impact*, Denise has just finished a spell behind the cameras making *Trekkies*, a feature-length documentary on *Star Trek* fans. Argh! Beam us up!

She will shortly be seen in *Divorce, Western Style*, as a woman who becomes distraught when she discovers her drug-addicted husband has been having an affair with a porn star. Who said all the good plots had already been done?

FLIES WIDE OPEN!

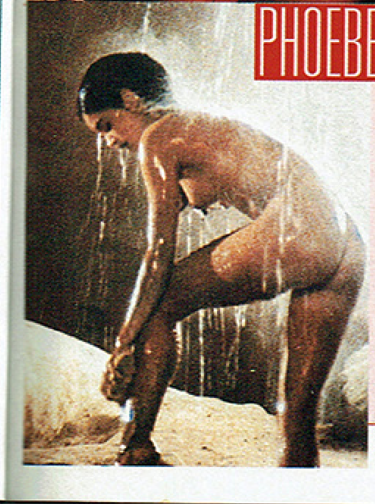
Fans of **Nicole Kidman** have had plenty of chances to glimpse this leggy lovely starkers over the years. Apart from *Billy Bathgate*, she also does the business in a steamy bedroom sequence in the Alec Baldwin thriller, *Malice*, and there's a choice view of her perfectly-rounded rump as she straddles Billy Zane in the 1989 thriller *Dead Calm*. But some of her hottest scenes can be found in an obscure drama called *Windrider*, where Nicole starred as a raunchy rock singer who embarked upon an affair with surfer Tom Burlinson. Between belting out Eurovision-style numbers, she obligingly stripped down to the buff for some titillating bouts of bedroom and shower bonking.

We have high hopes for witnessing more sizzling, trouser-tenting antics in the upcoming Stanley Kubrick movie *Eyes Wide Shut*, an erotic thriller in which Kidman and Cruise play a psychiatrist couple who indulge in dangerous sex games. The film has been in production for over a year and a half, with perfectionist Stanley sometimes demanding as many as fifty takes on one individual sequence. Still, if we're talking about fifty takes of a sex scene involving a naked Nicole, then we can quite understand where he's coming from!

"She obligingly stripped down to the buff for some titillating bouts of bedroom and shower bonking"

She's hot even with a mullet!

"Cates gives Jennifer Jason Leigh some pointers on how to give a blowjob to a carrot!"



PHOEBE'S WET DREAM?

One of the most memorable video images of the 80s was the sight of slender nymphet **Phoebe Cates** baring her perfect bod for randy Judge Reinhardt in the teen sex comedy *Fast Times At Ridgemont High*. High school is certainly the right place to learn how to give good head, and in one of the film's more breathtaking scenes Cates gives Jennifer Jason Leigh some pointers on how to give a blowjob to a carrot! But the top scene has Phoebe bouncing on a diving board as she takes off her bikini-top and lets her breasts rise free. She dives in, and then in slow motion her pert-nippled hooters appear again dripping with water. Artistic or wot? The sultry actress went on to marry the much older Kevin Kline and find fame as the female star of the *Gremlins* series, as well as playing the title role in *Princess Caribou*.

Reminded of her sexy past in a recent interview, sexy Phoebe insisted her nymphet days were far behind her. Maybe, but as far as *Mayfair* readers are concerned they are gone but certainly not forgotten!

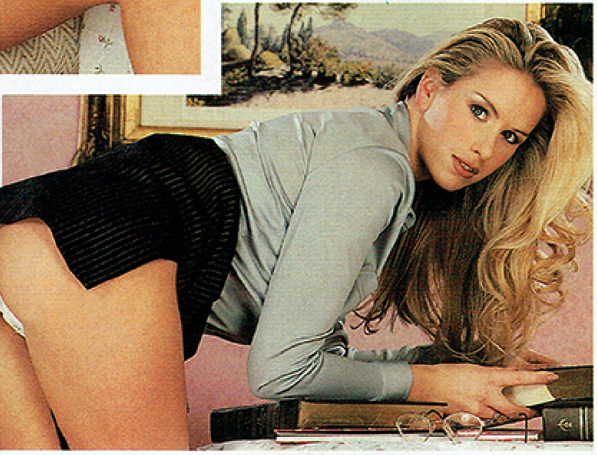
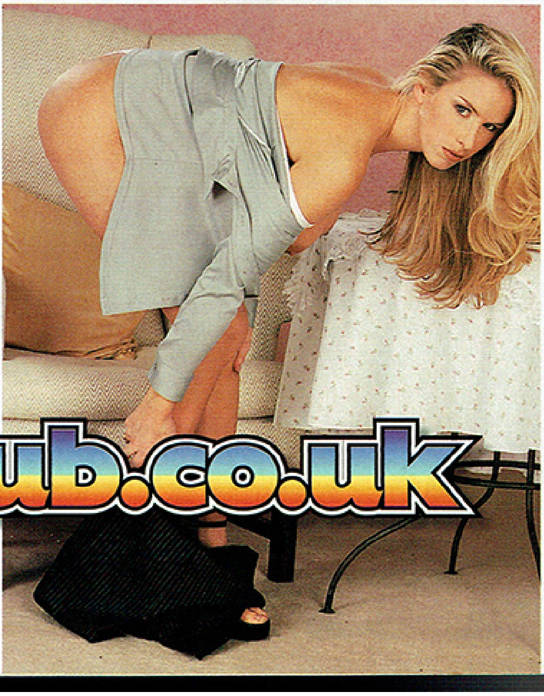
Adele's Bells – She Said 'Yes!'

And we didn't even have to beg!





www.sexclub.co.uk

How would you go about asking one of the most beautiful, sought-after women in the world to make a naughty video for you? Would you head straight down Strictly Hard Cash Street? Or would you take Softly Softly Avenue, turn left at Compliment Drive and park your proposal in Beggars Lane? When it came to approaching the awesome Adele Stephens with just such a proposition, we opted for Bare-Faced Cheek Crescent: "Hey Adele," we chirped, "would you do a rude video for us so we can put it on our Internet site? You're absolutely stunning, you've got top quality knockers and legs that go all the way up to your arse. Our readers will love it!" And knock us down with a feather boa if she didn't simply say "Okay then. Sure, why not?" This girl rules, we tell you! Happy Viewing…

WANK 'n' GO!

EXCLUSIVE

By Pablo Barrichello

My wife is like the sun and I'm a rock hard planet orbiting her! Only trouble is that I spend most of my time in the dark! This big bloody shadow gets cast across me so I'm left groping around in the dark when it comes to her.

Something out there in the hyper space of our relationship prevents all her sunny goodwill and smiley goodliness hitting on me! Apparently the big bloody shadow is caused by an enormous fucking asteroid of male insensitivity. Well true to form, I was well in the shit with her last week! It was our anniversary or her birthday or some other unforgettable, bollock shaking day of the year. Of course I hadn't even had a quiver in mine. Apart from the usual morning glory caused by another evening of excessive drinking. A 'friendly' nurse told me it results in fluctuating blood pressure, and gives you a raging morning hard on. I always tell the wife it's because she looks so sexy in the morning. Anyway when I pointed out my rather splendid love tool she spat a stream of unprecedented abuse at me. Describing me in colourful detail as an arrogant, uncaring bastard, lurking in a marriage that resembles a pool of stagnant sick! Usually I just make a dash for the bathroom on these occasions have a wank and go. But the sight of her bare tits shaking with anger was just getting my cock even harder.

Slipped it in

My brain always works better when my cock is on a mission. I leapt up! Dashing to the other room I penned a loving note, slipped it in a handy envelope along with my credit card and was back before she had time to say 'runny mascara'! The note contained a few lines of slush and the Sexclub website address and a declaration of true lurv; an open invitation to run up my credit card bill in the on-line sex shop!

Tickle her fancy

My generosity knows no bounds when Big Dick Barichello is in control. Mrs. B. is a dirty little strumpet and she loves dressing up and playing with those naughty toys that tickle her fancy! So the day was saved! It was a fucking brilliant idea and the resulting shag wasn't bad either! She got some amazing gear, so I'm still reaping the benefits. (It is costing a fortune in batteries though). I'm just going to lay back and enjoy the sunshine while it lasts!

My cock has been getting plenty of exercise now she has got her new supply of play things. However I find that my appetite is insatiable. The more I get the more I seem to want. You have heard of 'Debbie Does Dallas', well my wife does 'Designer Village' and Tescoville! When she nips out to spend more of my hard earned wedge, I seem to get even hornier knowing that the ideal receptacle for my penis is wandering the isles of temptation.

Mouthing off

Out of reach and out of eyesight. Therefore the ideal time to get up to a horny phone wank! Yes, Sexclub saves the day again. Instead of suppressing my desires I can enjoy their spunk inducing sexettes mouthing off to me. The Phone Box on the left of the main street in Virtual Soho has a book of tasty tarts to choose from. I usually go for a live chat. That way I can steer the conversation to suit my mood. The great thing is they call me back, it's much more of a turn on when your own phone rings and there's a real horny bitch on the line. I book a call for whatever time I want and then get comfy and wait for the phone to ring. If the wife came home early and picked up the call she would never know what it was. The system gives you a pin number when you book a call and when you pick up the phone you get asked to key it in. This way if the wife does pick up the phone all she'll hear is an automated message asking for a pin number. There's no way she would suspect it was a sexy tart calling back. There's a lot to be said for the recorded smut too it leaves you free to concentrate on the matter in hand and when you find a favourite one you can call it back again and again. Oh is that my phone ringing?…Well if it's not it soon will be!

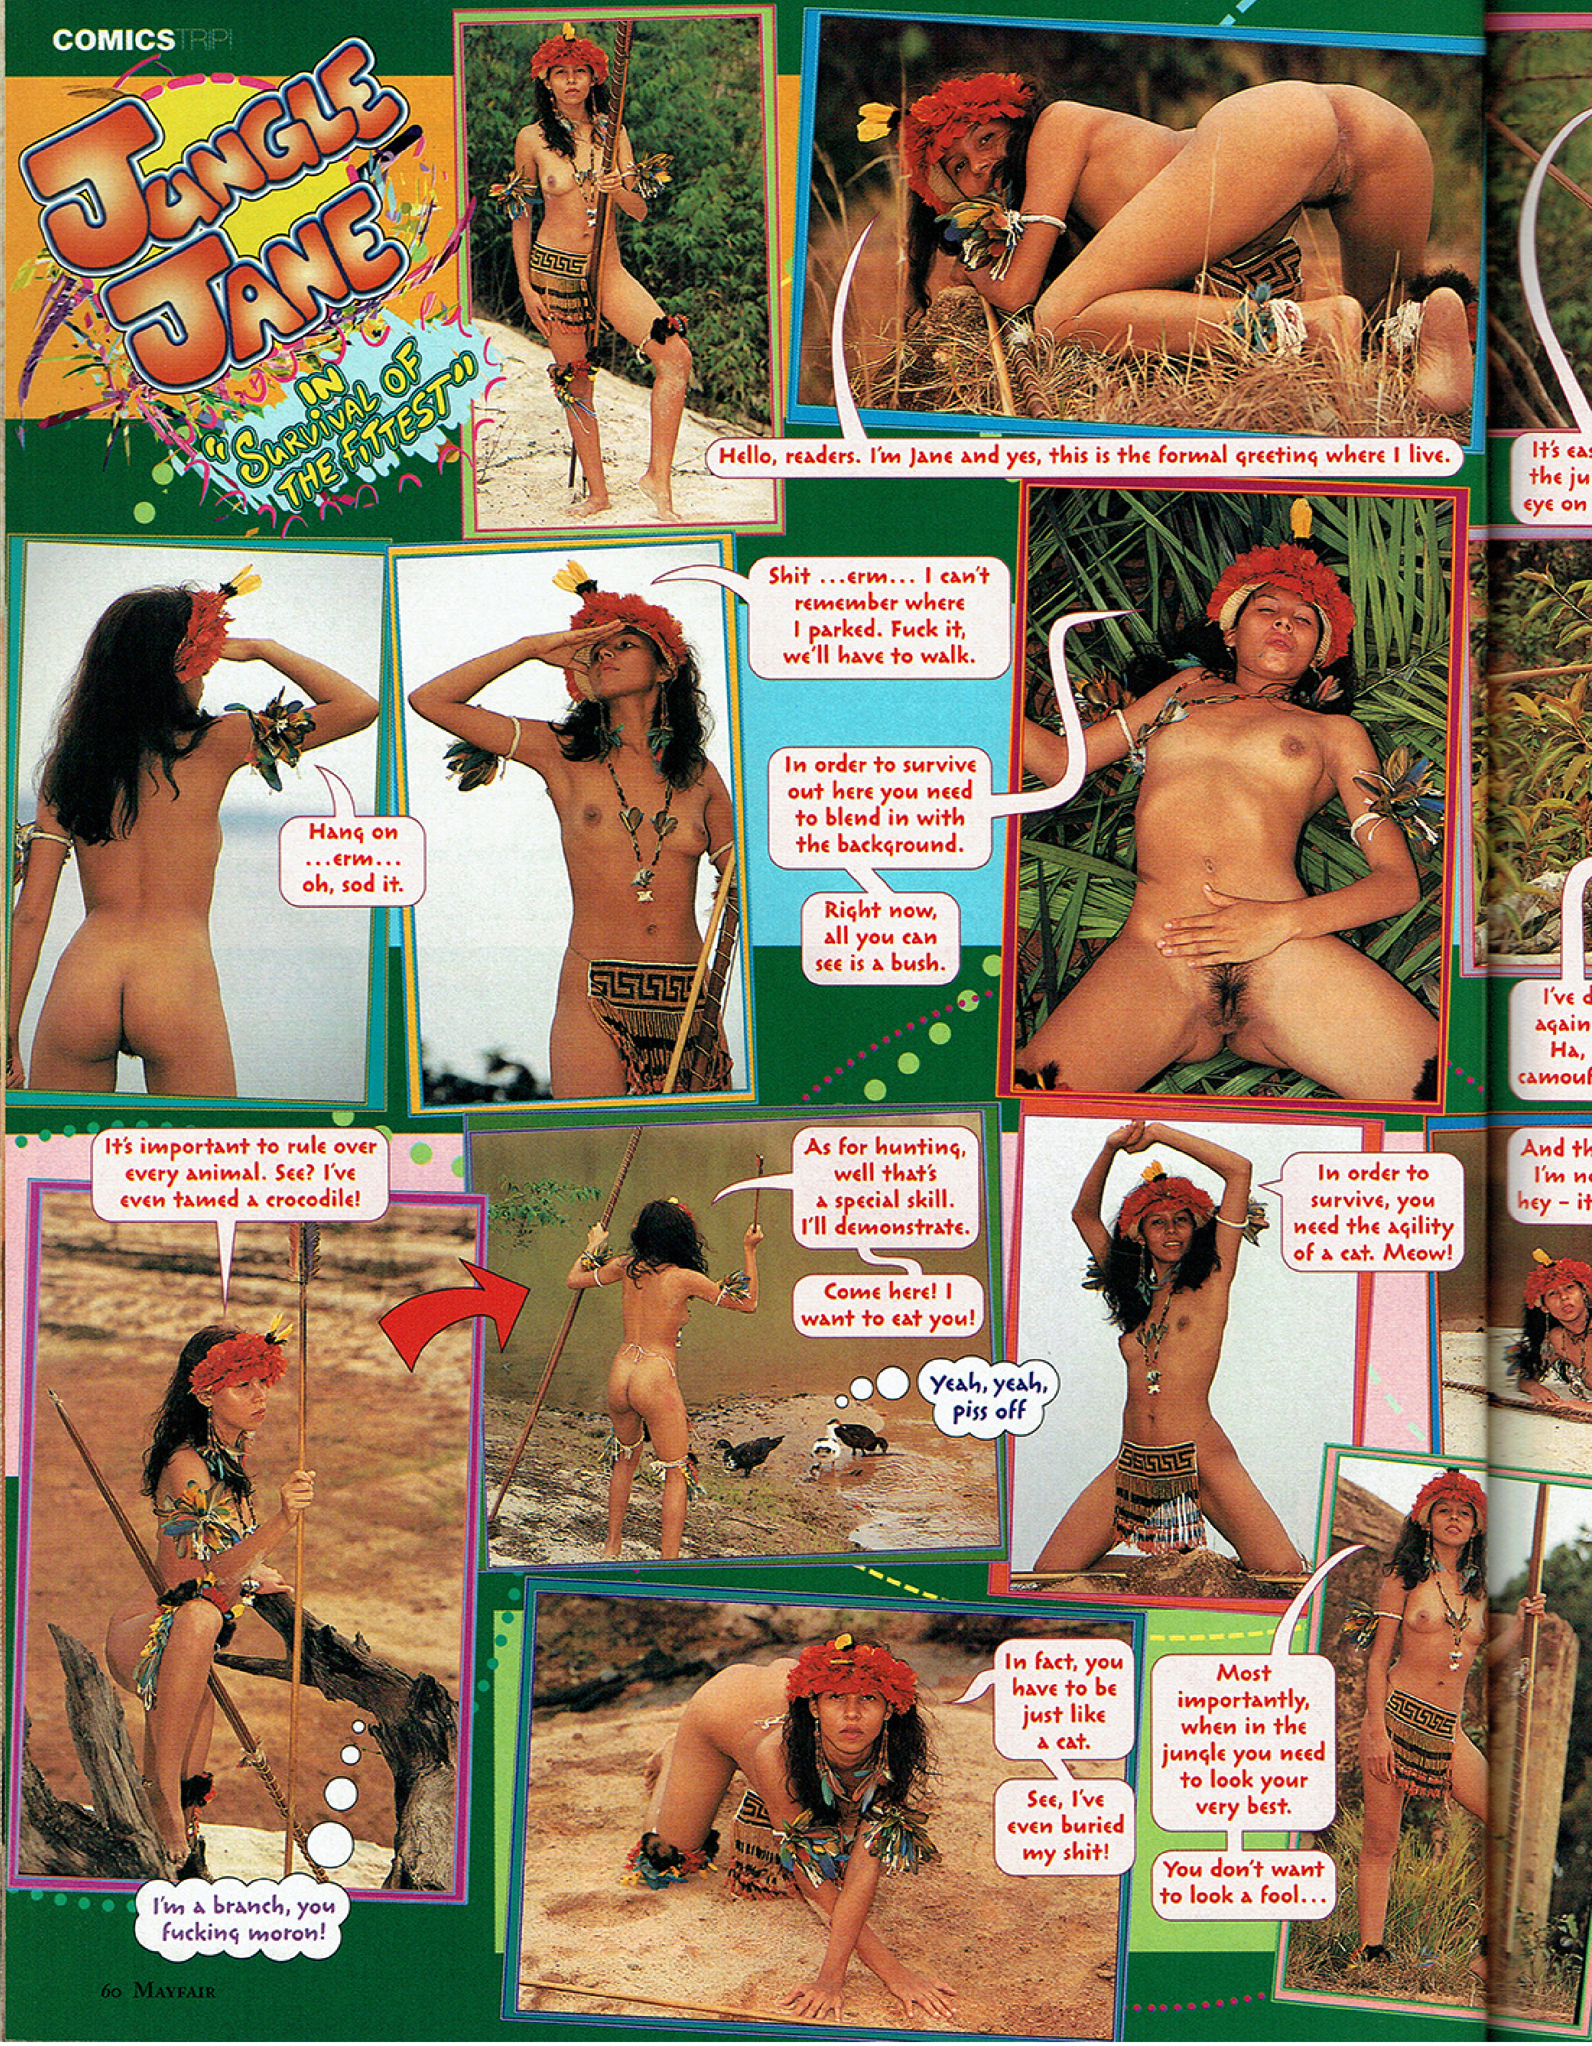
JUNGLE JANE

IN "SURVIVAL OF THE FITTEST"



Hello, readers. I'm Jane and yes, this is the formal greeting where I live.
Hang on …erm… oh, sod it.
Shit …erm… I can't remember where I parked. Fuck it, we'll have to walk.
In order to survive out here you need to blend in with the background.
Right now, all you can see is a bush.
It's important to rule over every animal. See? I've even tamed a crocodile!
I'm a branch, you fucking moron!
As for hunting, well that's a special skill. I'll demonstrate.
Come here! I want to eat you!
Yeah, yeah, piss off
In order to survive, you need the agility of a cat. Meow!
In fact, you have to be just like a cat.
See, I've even buried my shit!
Most importantly, when in the jungle you need to look your very best.
You don't want to look a fool…
It's eas the ju eye on
I've d again Ha, camouf
And th I'm ne hey – it

It's easy to get lost in the jungle, so keep an eye on me at all times.
Come on, I'll show you around...
I've disappeared again, haven't I? Ha, ha! That's camouflage for you!
Look closely and you might just be able to pick me out. That's right – I'm the one with the spear!

SECOND PROFESSION:
Full-time Model
HOME TOWN: *King's Lynn*

Jeez, Vron, we've never seen your ass look as good as it does in those shorts!
Really? I couldn't wait to get 'em off!

Oh-ho! You were feeling that randy?
Well, yes, I was turned on – as I always am when I'm posing – but that wasn't the reason. No, they were TOO tight!

Getting wedged up your chuff, were they? *Oh, what a charming turn of phrase you guys have. That's lovely, that is. But no, they were too stretched even for that…*

Oh, you poor lamb. *Alright, alright, don't start – I'm not moaning. I'm, just saying it was a relief to get them off and let my fanny breath.*

What!? You can actually breathe through your pussy? That's fantastic! You'll make medical history! Just imagine the implications, an… *[Veronica coughs. Politely] Ahem, you're rambling.*

…and, and, uhm – yeah, sorry. *You've got to relax, fellas, you know? You're always so hyper.*

It's hardly surprising, is it? What man wouldn't be after seeing you strutting your stuff in the buff? *Oh come on, you don't mean that. You've seen it all before, surely…*

Seeing it before only whets our appetite for the next shoot… *Ahh, you're so sweet I could kiss you. But I won't!*

MAYFAIR MALE

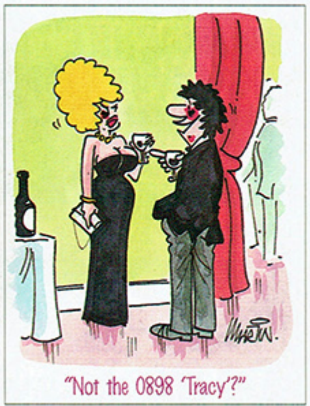
> “She was panting for me to fuck her”

My delayed actions had Gemma gasping with pleasure, now begging for me to make her come. I licked her pussy lips slowly, feeling her body tense beneath me as I flicked my tongue over her clit.

“Mmm… yes, yes,” she moaned as I licked, her hands grabbing at my hair. I pushed my tongue in her vagina and eased a finger in at the same time, her tight cunt almost clamping around it.



“Not the 0898 ‘Tracy’?”

“Fuck me,” she groaned, pulling me up so my face was level with hers. My cock, now big and craving action, easily slid inside her and we both sighed in pleasure as I made my first thrust in and out.

We fucked slowly at first, gradually building up speed, and as we got faster so Gemma became more excitable, almost screaming in ecstasy by the time she came. Her body shuddered and her pussy once again tightened as she orgasmed and this set me off, my cum shooting out of my cock. Gemma insisted I kept my dick in her even after we'd both come, and she wouldn't let me withdraw until it was back to its soft self.

We cuddled and kissed for a while longer before Gemma upped and

> “She invited me to lick her and fuck her - in that order”

TRY SOME COCK (BISEXUAL)

Hi, my name's Peter. I am married to a fucking hot blonde. She recently started to finger me while we were screwing. I loved the feeling of her inside me for a change. I asked her if she thought I was gay. She said that there was no way but that seeing as I enjoyed it so much, maybe I should try sucking a cock. I started 3 months ago. Now I can't get enough of the feeling of a huge throbbing cock inside my mouth. So I'm looking anywhere for cocks — toilets, movie houses, theatres, secluded phone booths in fact any fucking place. So if you'd like to listen to my experiences... What I would love, is to suck your cock (somewhere private if you like)

QUEST

Stag nights, hen nights, and weddings. What do they have in common? Usually a whole lotta fucking as four female readers explicitly reveal . . .

Name: *Vicky*
Age: *34*
Marital Status: *Married*
Home Town: *London*

Have you ever had a horny wedding-related experience?

Aside from my own wedding night, I'd have to say the horniest was at a stag night do. It was a good few years ago, when I'd been trying to make it as an actress. I started stripping because I thought it might be an easy way to get an Equity card, and found I loved doing it. Put it like this, I carried on long after I needed to. I've got a good body and I love showing it off. I used to work in a bar, a typical strip joint. One night my boss asked if I'd be up for working a stag do – a late-night lock-in bash he was throwing for a regular punter. He made it pretty clear that there'd be more to it than just taking my clothes off. I jumped at the chance, I couldn't resist it. It always pissed me off that I couldn't get quite as dirty as I'd have liked in the normal run of things.

> He **rubbed** the tip of the **dildo** up and down my **slit**

Describe what happened on the night.

When I arrived two girls were doing a lesbian act. One had a lipstick stuck in her pussy and was straddling this other girl's tits, writing all over them. After that, they got the groom-to-be – a bloke called Tony – up on-stage, and announced me to thunderous applause.

What were you wearing?

I'd bought a new outfit especially for the show – I thought the dominatrix look would be most suitable. After strutting and dancing around Tony I pulled his trousers and pants down, bent him over and gave him a good feel. When he stood up again, I saw his cock was half-erect. I'd assumed he would have been too drunk to get hard, but when I wanked him – to whistles and cheers from the audience – it pumped up like rock.

I sat him down on a chair, looped my arms around his neck then pulled him into a kiss. I grabbed his cock as his tongue ground into my mouth and I could feel it throbbing.

> Soon, Tony had **two fingers** in my **pussy**

Describe what you did next.

I straightened up and straddled the chair. I was wearing high-heeled PVC thigh-boots, so my pussy was right up level with his face. I pulled his face right into my crotch and got him licking my slit through the gusset of my PVC knickers. I was so wet they were clinging to my pussy and I got even more worked-up as he sucked on my clit. I took my knickers off and turned to face the audience. I'd come prepared, just in case Tony couldn't rise to the occasion, and the crowd went wild when I shoved my hips forward, splayed my thighs and pulled this huge, fat rubber dildo out of my cunt. Every inch of it was coated with my creamy juices and I danced around, flaunting my open hole as I deep-throated the toy, sucking it clean. I gave Tony a great big pussy-flavoured French kiss, then I handed him the dildo, bent over, and splayed my cheeks apart with my hands.

His hands were shaking like mad as he rubbed the tip of the dildo up and down my slit. I felt him place it right at my pussy entrance, but he didn't push it in: he just used his fingers to scoop out more of my cream and rubbed it all over the shaft.

When he'd wet it enough, he ran it up my crack to my arsehole. He used two fingers to stretch me open, then pressed the tip of the dildo into it. When I started to push back against it with my muscles, it slid right in in one easy movement. It felt enormous!

> I even **fucked** Tony in **time** with the **music**

Soon, Tony had two fingers in my pussy. He was hooking them, rubbing my g-spot as I gyrated to the music. I reached down between my legs and grabbed his cock, teasing him like he'd teased me by rubbing it up and down my slit. His helmet felt warm and engorged, the skin stretched tight and shiny. As I fed it and then the rest of his cock into my cunt, I could not believe how tight a fit it was, thanks to the big dildo stuffing my arsehole.

I even fucked Tony in time with the music, tapping my four-inch heels on the floor as I ground around on his prick. When the beat slowed down, I reached down to fondle his balls, pulling them up and rubbing his rough, hairy sack against my clit and labia.

"Fuck me harder," I was moaning, when I felt the first clenching of all my inner muscles. Tony obliged, with quick, sharp thrusts, and my two holes suddenly rippled around the shafts inside them, sticky juices flowing out of my pussy to soak his balls. His come soon blasted out.

> Sticky juices **flowed** out of my **pussy** to soak his **balls**

And did you all live happily ever after?

It's a good thing the wedding wasn't until the following week. Also – I shouldn't brag, but what the hell – I hope I didn't spoil Tony for his new bride!

Have you ever had a horny wedding-related experience?

Yes, on my own wedding night. It was with Alex, the best man!

How did this situation come about?

A whole load of things combined. I'd always fancied Alex, even on my wedding day I was letching over how horny he looked in his suit. Don't get me wrong, I know I married the right man – it's pure lust and not much else when it comes to Alex and me.

The reception was brilliant, so good that my husband ended up getting completely bladdered. Alex helped him up to our room, and I went up to check he was okay.

I'd had a few too – but not so many I didn't know exactly what I was doing. I got a bit lippy and said, "So much for my wedding night." Alex just laughed and gave me a friendly hug, but as I pressed up against him, I felt this real surge of attraction. I wasn't joking when I mumbled in his ear, "Isn't it the best man's duty to see that the bride gets shagged?"

How did he react to this?

It knocked him for six, then he tried to laugh it off, until he realised I was serious. "Come on," I was saying, stroking the bulge in his trousers. "You know I always wanted to fuck you." That was the clincher.

Describe in detail what happened next.

I was still in my bridal get-up which made me feel really sexy. Alex ran his hands up and down my back as we kissed, but when he went to undo my zip I told him I wanted to keep my dress on.

We compromised – my dress was cut low enough at the front for him to pop my tits out. He really got into playing with them, sucking my nipples like this was going to be his last fuck ever.

So what was the sex like?

We took our time and enjoyed it. For starters, Alex lay down on the floor, and I knelt over his cock. His shaft felt huge – much thicker than my husband's – and I pulled back his foreskin then stroked his head back and forth along the silk gusset of my panties. I could feel the warm juices soaking through it, and his cock was oozing pre-come too. He was still playing with my tits and I could have come from that alone.

Instead, he reached up my skirt and yanked my panties to one side. One second I was rubbing his tip against the wet silk, the next it was grinding up against my naked clitoris. I just thought, "It's now or never", and guided his prick to my hole.

> His **pubes** soaked and sticky with my **pussy juices**

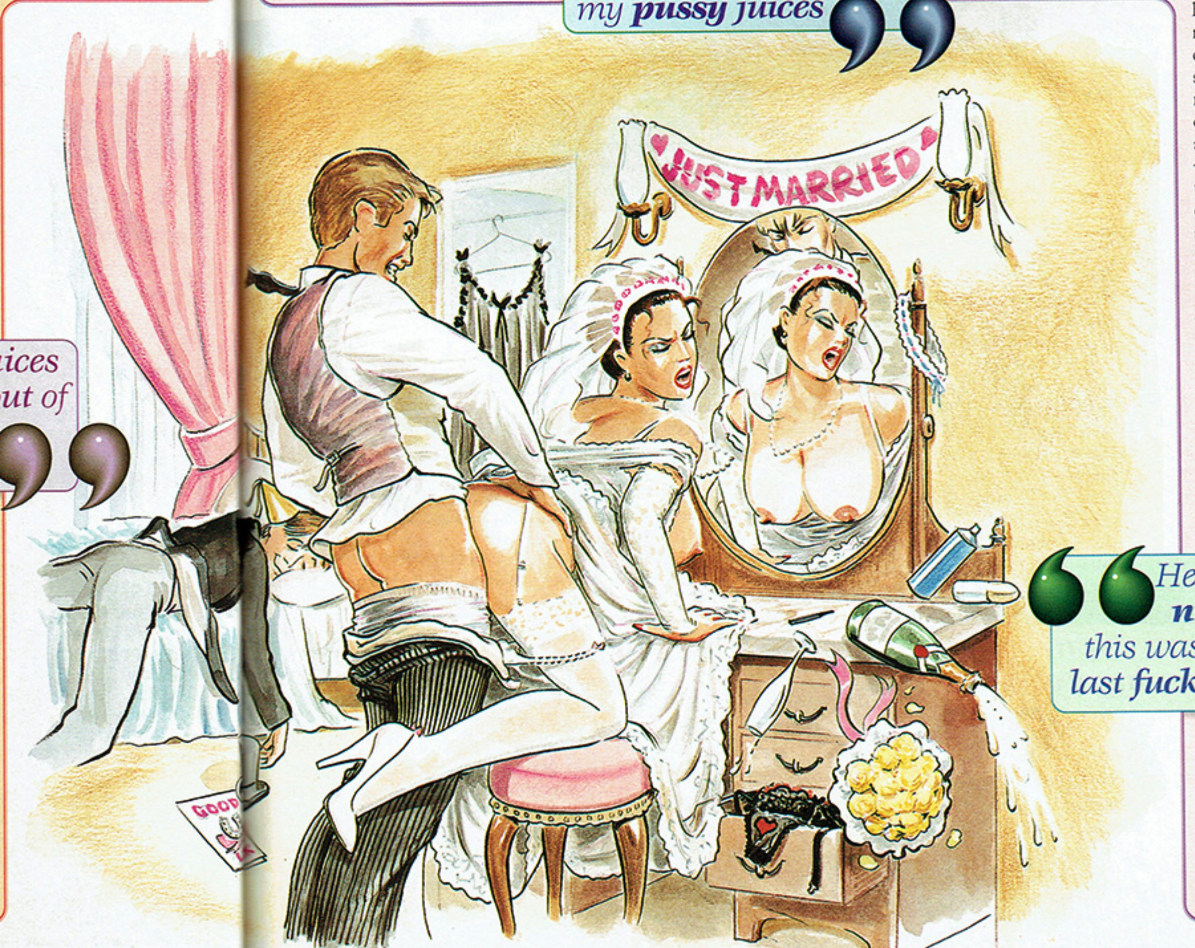
Alex kept pulling me right forward so he could suck my nipples again, while he hammered up into me with his cock and then we tried it standing up.

Never mind the wedding photos – the way Alex looked next is the image I'll never forget. I can see him now, standing there with his cock jutting up, his pubes soaked and sticky with my pussy juices.

I bent over the dressing table. In the mirror I could see my tits squashed flat against the marble top of it, and Alex getting in behind me. He bunched my skirt up and pulled my panties halfway down my thighs, then looked me in the eye as he slid his cock back inside me. When he started fucking me again he went slowly, even though I was begging him to go faster, and slamming my arse back against his crotch.

It only took me a couple of minutes, once he started playing with my clit. He pulled on it with every deep thrust into me, and my pussy was soon in spasm around his prick. As my orgasm died away, he started slamming into me. I didn't worry about the noise – my moans, the furniture creaking – after all, we were in the honeymoon suite!

After a while he stopped dead, then grabbed my hips and pulled me hard back onto his shaft. I felt his cock twitching inside me, and even his balls bunching up against my arse, then I felt wave after wave of warm spunk flooding my pussy.



> He **sucked** my **nipples** like this was his last fuck ever

Alex helped me out of my clothes, tucked me into bed, gave me one last kiss, then went back down to say goodnight to the last remaining revellers.

And was it happy ever after?

So far, so good. Now Alex and I have got fucking each other out of our system, it won't happen again and my sex life with my husband is fantastic.

> My **clit** was **aching** for a **rub**

Have you ever had a horny wedding-related experience?

I had one hell of a wedding night and shagged my way through the entire honeymoon, but that's not exactly unusual. So I'll tell you about my hen night instead, when I had my first ever lesbian experience.

Describe what happened.

The night before the wedding my husband stayed in our flat while I booked into a hotel with my bridesmaids, Nicky and Sam. They'd never met before, but they hit it off immediately.

I hadn't really had a hen night as such, so we cracked open a couple of bottles of wine – just enough to give us a buzz. Nicky started taking photos of us larking about, then Sam produced a parcel wrapped in magazine pictures of nude men. Inside was a pink vibrator.

> Her musky **come juices** pumped into my **mouth**

Nicky took snaps as Sam got the vibrator, lifted the hem of my nightshirt and then held it against my gusset for a picture. Then she switched it on, and rubbed it all over my mound through my knickers. I'd never used a vibrator before and it tickled like mad. I was in hysterics, screaming with laughter for her to stop.

"Suit yourself," she said, then Nicky grabbed the vibrator from her and tried it against her hand. As we watched she switched it on to full speed, then ran it up and down her arms, then all over her body. She peeled off her T-shirt and stood there in her knickers, pressing the tip of it against her nipple. Her other hand disappeared down her knickers, and she started frigging herself. Then she brought the vibrator down too, using two fingers to part her labia as she slid it between them.

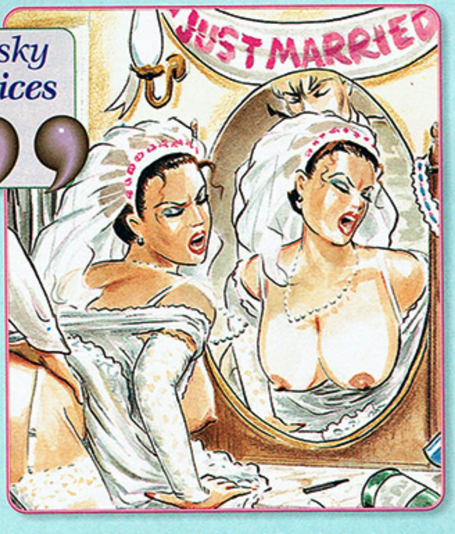
> Nicky's **cunt** was **foaming wet**, juices running down her **inner thighs**

Describe what happened next.

When I looked over at Sam, I saw the way she was gazing at Nicky. She started to frig herself too, and then I saw her close in on Nicky. I'd heard the odd rumour over the years that she had dyke tendencies, but I'd never really taken much notice.

Sam just wrapped herself around Nicky and kissed her. Nicky was so turned on she just went with it, kissing Sam back, and sawing the vibrator harder in and out between her thighs. It was weird, seeing two of my best female friends getting sexy together. I could feel my fanny moistening, and my clit was aching for a rub.

Not really knowing what to say I carried on watching them. They had their tongues down each other's throat, and Sam had taken over plunging the dildo in and out between Nicky's legs. Nicky's cunt was foaming wet, juices running down her inner thighs, and she was whimpering. Suddenly, Sam pulled the vibrator free and tasted Nicky's juices from it before dropping it on the floor. They both turned to look at me and got up on the bed. Sam laid Nicky down, parted her thighs, then buried her face between them. Then she looked up at me, and said, "I'll lick you too, as long as you make her come for me."



> She **slid down** my **body**, soaking my **tits** with more of her **come**

What was your response to this?

As I recall it, I just nodded. Sam pulled me down the bed, so my head was on the pillow and my arms were stretched out behind me. She spread my legs and knelt between them. Then she told Nicky to get the vibrator and straddle my face.

Sam was breathing on my clit, and six inches above my face, Nicky was using the big pink plastic shaft on herself. Her juices were dripping out, splashing on my skin. When I licked a couple of stray drops off my lips, I wanted more. Grabbing Nicky around the thighs, I pulled her down onto my face. This was also Sam's cue to start licking my slit. The quicker Nicky's juices flowed out over my tongue, the harder I sucked on her snatch. Then she touched the tip of the vibrator to her clit, sending a little tingle through my tongue.

Sam was licking me to a slow, steady rhythm, stiffening her tongue and fucking it in and out of my hole. A warm, sexy glow started to spread through me, but I was focused on Nicky's pleasure.

As I pushed my tongue deep inside her, I suddenly felt her muscles clench hard around it. Then they started to pulse, pumping her musky come juices into my mouth.

Now that she'd orgasmed, she slid down my body, soaking my tits with more of her come. Sam took the vibrator from her, switched it on full and pressed it hard against my clit, making me arch my back about a foot clear of the bed. Soon she was using her fingers to pump my pussy, as she craned up to lap Nicky's juices from my tits.

I had no control over my responses now, so I just let go and enjoyed the incredible sensations running through my body. I was flushing, sweating and shivering all at the same time, and the tightness in my crotch muscles was spreading to my limbs. I wanted this feeling to last as long as possible, but soon my orgasm was rippling through me.

And was it happy ever after?

Pretty much, and we even managed to get some sleep once Nicky had taken a few more pictures, including close-up shots of my well-fucked twat and one of me with my bumcheeks held open. Artistic, huh?

Maybe I'll leave them scattered around for my husband to see, if things ever need spicing up!

> Carl shot streams of **spunk** over my **tits**

Have you ever had a horny wedding-related experience?

As I see it, almost every wedding's a horny experience. It can be a very flirtatious atmosphere. People are dressed up and looking their best, the drink's flowing, which always helps, and the whole day's about two people getting it together. That's how it was last year, when I ended up having a threesome with two of the groom's mates.

How did this come about?

I was pretty much on my own, not knowing anyone outside the bride's family, and I sort of got talking to two friends of the groom; Carl and Gavin. I'll admit I was flirting like mad with the pair of them, and they were lapping it up. I didn't buy a drink all night, and we all ended up in a cab back to the local hotel. The bar was shut, so we all went to my room for a nightcap. After about half an hour, Carl went into the bathroom. Gavin made his move as soon as the door was shut, grabbing me and sticking his tongue in my mouth. I kissed him back, but I was feeling bad about Carl.

I never actually saw Carl come out of the bathroom. I just suddenly felt a hand stroking up and down my spine, while both of Gavin's were fondling my arse.

What a start. So then what happened?

I just lay back and let them take over. I'd suspected – correctly – that I wasn't the first girl they'd shared and they seemed to have it worked out. They got undressed then stripped me naked and kissed me all over my body, leaving my tits and pussy until last. Carl snogged my mouth again, then moved down to suck on my nipples.

Gavin was playing with my pussy, parting my folds and running his fingertip through them, but never quite as hard or deep as I needed. I squirmed on the bed, humping myself against his hand, but he just kept on teasing me. I could have cried with relief when, at last, he sank his face down into my muff and sucked on my clit.

> My **pussy** around Gavin's **thick shaft**

I shut my eyes, only to open them again as Carl straddled my chest. His prick was rearing up, hard and swollen, and it twitched whenever I touched it. He laid it in between my tits, then told me to squash them together around it. With his hands over mine, he got me massaging my boobs, while he stretched his thumbs out to stroke my nipples. Then I took over.

As Carl fucked me slowly between my tits, Gavin carried on sucking my clit. He was stroking my inner thighs, pushing on them to splay my legs as wide as he could, then he felt his way down to one of my ankles.

He grabbed it and raised my leg, pushing it so far up and back that Carl was able to tuck it under his arm. I'd be lying if I said this position – one leg up, the other bent and splayed to one side – was comfy, but it stretched me wide so that Gavin could squeeze my clit between his tongue and my pubis. He positioned his cock at my cunt opening. As he penetrated me, inch by inch, he leaned his full weight on my thigh. I moaned and Carl stepped up the pace, thrusting his prick between my tits so that his helmet slid out of the top of my cleavage. His tip was now dripping pre-come and I flicked my tongue to lap it up.

> He positioned his **cock** at my **cunt opening**

Just when I thought I couldn't get any more turned on, they gave me one more surprise. Carl started tickling my foot, right in the middle of my sole. I squealed out loud, and even louder when he raised my toes up to his mouth, and sucked on them. Every suck and tickle seemed to course straight to my clit, combining explosively with each thrust of Gavin's cock. At this point nothing could have kept me from coming. My pussy walls tightened around Gavin's thick shaft, then rippled in release.

They gave me just a few seconds to recover, while they changed position. Gavin let me stretch my legs while Carl swivelled around to face down my body. As he fucked in and out of my cleavage again, I caressed his balls, pulling gently on them when he looked to be too close to coming. I controlled him like this, right up until I felt the quick, hard thrusts that told me Gavin was on the brink. Carl raised himself up on his knees, letting me see the horny sight of both cocks coming. Carl shot streams of spunk over my tits and down beyond them, while Gavin pulled out and aimed at my pussy. They both came so hard their spunk mingled on my stomach.

And was it happy ever after?

It was a one night stand, nothing more. It wouldn't have worked out, not least because the lads and I live at opposite ends of the country. Still, I don't have any regrets!

Anna

PHOTOGRAPHED BY
JACK D. MOLAY

Do you think modelling will change your life in any way, Anna?

I don't know about that. I'm pretty level-headed so I don't suppose it will effect my outlook on life. At the moment I'd be happy if men could compliment me using something other than 'cute'. Somebody called me 'a cutie' once as well! I feel like a cartoon character!

You are cute though.

Argh! Don't. Anything else but 'cute' please. Well… not anything else!

How about 'sexy'?

Hmm… yeah that's nice but it's kind of, I don't know… common. I just find a lot of these nick names funny. 'Babe', 'Baby', 'Sexy' – they make me laugh for some reason.

How about 'Saucy, saucy, shag-happy love goddess'?

[Laughs] Yeah, I like it! What was it again?

PRAISE THE WHALE

A couple of years ago I invited one of my pretty young secretaries, petite 22-year-old blonde Vanessa, to accompany me on a trip to Vancouver. She had worked for me for about a year and had made it clear to me that she was interested in me personally. She had come into my office with an open magazine and said, "Here is a place we could go." It was an advertisement for the opening of a grand new hotel in Vancouver. We had a long weekend coming up so I called and made reservations.

> I could feel the material of her panties against my fingers

It was a beautiful hotel and, as I didn't want to appear too forward, I reserved a suite with two adjoining bedrooms and we slept that first night in separate beds. The next day we visited an aquarium. They had a pair of snow white Beluga whales in a giant glass tank and visitors could watch as they swam and cavorted about. On this particular day the whales put on quite a show. The largest one, obviously the male, was chasing the female and lunging against her. It was more than just a game of tag though, and as Vanessa and I watched we realised the whales were trying to mate.

> Vanessa lay down, spread her legs, and opened her pussy with her fingers

It was certainly a sight, especially when they both really went at it, and the on-looking crowd were either laughing or walking away in disgust. Vanessa was giggling as we left the aquarium, suggesting we go back to the hotel. I smiled to myself and we hailed a cab, noticing Vanessa brushing her hand against my leg as we got in. It didn't stop there. On the way back to the hotel, she guided my hand up her skirt and between her legs. I could feel the material of her panties against my fingers and cupped her soft wet cunt. Giving her clit a little stroke, I pulled out my hand and gave Vanessa a kiss on the cheek. My cock was now throbbing in my trousers, hard as anything.

The cab pulled up at the hotel and we almost ran back to our room, fondling each other as I fumbled with the door key. Upon entering the room, Vanessa suddenly said she wanted to shower and disappeared into the bathroom for thirty minutes. Climbing the walls with frustration I finally knocked on the door and my eyes nearly popped out when she opened it stark naked, her perky little breasts glistening and her light pubic hair dripping with water.

We kissed and went through into the bedroom where Vanessa lay down, spread her legs, and opened her pussy with her fingers. She thrust her pelvis forward and I focused on her pussy. The little flap of skin covering her clit seemed to contract as her clitoris peeped out and she invited me to lick her and fuck her – in that order.

I got down on my knees and tongued away at her pussy, smelling her juices as they trickled out of her hole. My cock almost sprang out as I got undressed and we proceeded to screw, going at it like crazy until we were both spent. We literally had each other for lunch and didn't get out of bed for hours. At dinner that evening she said, "Thank you for taking me to the aquarium. I had a very nice time today."

Clint, Canada

Woah there, Clint! Sounds like you had a… wait for it… brilliant time! Sorry, a whale of a time. Ahem. Ⓜ
